Never Again Action is a mass mobilization of Jewish people organizing to shut down ICE and hold the political establishment accountable for enabling the deportation machine that has separated immigrant families across the United States. This group of differently affiliated Jewish organizers recognize that they've seen this before, in Germany and other authoritarian countries. They know from Jewish history what happens when a government Targets, Dehumanizes, and Strips an entire group of people of their civil and human rights.

They understand that it is the Jewish community's obligation to stand up when they see history repeat itself and to declare: **NEVER AGAIN MEANS NEVER AGAIN FOR ANYBODY!**

As Adam Schwartz says:

Around the time of my bar mitzvah, my father educated me about the Holocaust. The rallying cry of "Never Again" was imprinted in my brain - not as a slogan but as a statement of responsibility. When I saw pictures of human beings fleeing oppression being forced into camps, I became worried. When I heard of children dying, I became determined.

I was willing to put myself on the line to be on the right side of history. Just in time, NEVER AGAIN ACTION - a group of like-minded Jews across the country - was born.
